

BIOMEDICA & CONSUMABLES

Key Areas & Products

- Tips & Pipettes
- Tubes
- Plates / Strips / Racks for Molecular Biology & Immunology Applications
- Plates / Flasks / Dishes & others for Cell Culture
- Cryotubes and Boxes
- Reservoirs
- Filters
- Equipment

TIPS & PIPETTES

- Filtered or non-filtered (1 – 1250 µl)
- Standard or low-binding
- Bulk, racked or reload systems
- Sterile or non-sterile
- Gel loading tips (10/200 µl round or flat orifice shape - for 0,4 mm or 0,2 mm gels)
- Single channel or multi-channel micropipettes
- Serological pipettes & Pipettor

TUBES

- Microcentrifuge Tubes (0,65 / 1,7 / 2 / 5 ml)
- Screw cap microtubes (0,5 / 1,5 / 2 ml)
 - Conical or skirted
 - Caps with or without O-ring
- Centrifuge Tubes (15ml / 50ml)

PLATES / STRIPS / RACKS FOR MOLECULAR BIOLOGY & IMMUNOLOGY APPLICATIONS

- PCR/QPCR Tubes, tube strips and cap strips
- PCR/QPCR Plates and seals
- Deep well storage plates
- Microwell plates
- Cooling blocks/racks

PLATES / FLASKS / DISHES & OTHERS FOR CELL CULTURE

- 6-, 12-, 24-, 48-, 96- well plates
- 25 – 300 cm² flasks
- 35 – 150 mm dishes
- Cell Scrapers & Spatula

CRYOTUBES AND BOXES (1 – 5 ML)

- With 1D or 2D barcode
- w/o barcode

RESERVOIRS (25 / 50 / 55 / 100 ML)

- White or translucent

FILTERS

- Syringe filters
- Papers & Membranes
- Filtration units

EQUIPMENT

- Centrifuges
- Water bath
- Vortex and Orbital shakers
